## Technical Bulletin: **Deca** Chain

### Description of chain:

State of the art traction chain with heavy duty drop forged patented wear links. Ideal in extreme applications for Graders, Trucks and Loaders. Can be used in all types of off-the-road applications.

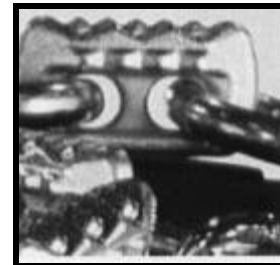

### Advantages:

- Special patented drop forged wear link guarantees aggressive traction and performance.
- Quick and easy adjustment with built in tensioning chain.
- Minimum of 14MM of wear link depth assures long chain life.
- Chromium Vanadium Alloy Steel ensures quality and maximum performance of all components.
- Special heat treatment provides exceptional strength and wear properties.

### Material sizes: \_\_\_\_\_ (Links: w/h/l)

- 14.0 mm welded connection ring: Links: 27x47x79mm
- 16.5 mm welded connection ring: Links: 34x53x90mm
- 18.5 mm welded connection ring: Links: 38x65x100mm

### Material:

- High quality Chromium Vanadium Alloy Steel

### Hardness and Strength: (values refer to wear link)

- Through Hardened: Surface: 63.5 HRc  
Core: 61.0 HRc
- Strength: 75 KN (14 mm welded connection ring)
